## FREE VIRTUAL FIELD TRIP!

### NASA: Video Gaming Technology to Assist Mission Planners

**Date:** March 11

**Time:** 12:00 - 12:45

**Grades:** 6th - 12th

**Description:** Join NASA's Jet Propulsion

Laboratory and learn how they are using video game technology to assist mission planners and the general public to better understand complex Earth and Space Science missions. Also explained will be the winding path of the presenter's career which led me from Geography, Elementary Education, Image processing, Computer Animation, Disney Feature Animation and back to JPL to introduce video game technology applications.

To schedule this or any other Virtual Field Trip please contact Kim French at 940-322-6928 x323 or email [virtualfieldtrips@esc9.net](mailto:virtualfieldtrips@esc9.net).

This Virtual Field Trip will be delivered through your school district's distance learning equipment.
