

9th & 10th Grade

- Choose a course of study and focus your electives in particular areas that support your interests.
- Take part in extracurricular activities.
- Talk to your parents, friends, and family members about their occupations.
- Learn about other occupations through guest speakers, field trips, part-time jobs, and volunteer activities.
- Set up a basic résumé.
- Add work experience, accomplishments and awards.
- Take (or re-take) the interest assessment, the skills inventory and the values inventory.
- Find a list of occupations in the clusters of your highest interest and/or skill and get detailed information about them.
- Develop or refine your four-year high school plan.
- Begin to develop a plan for education or training after high school based on your favorite occupations. Explore appropriate technical, two-year and four-year postsecondary education options.
